

# Take your foot off my neck

Chorus

Take your foot off my neck, I cannot breathe  
If you remove your foot I will not leave  
Take your foot off my neck, I need some air  
Help me someone, get this foot off my neck  
Please I need anyone to show that they care

Verse one

A black man arrested for a minor felony  
For being in the wrong place at the wrong time  
A white cop who thinks they are above the law  
In a country where a black life means nothing  
8 minutes and 46 seconds later he was dead

Chorus

Take your foot off my neck, I cannot breathe  
If you remove your foot I will not leave  
Take your foot off my neck, I need some air  
Help me someone, get this foot off my neck  
Please I need anyone to show that they care

Verse two

America and the world seem to be shocked  
Riots broke out in anger and disgust  
An innocent man being murdered by the cop  
Will this brutality ever, ever stop  
Black Lives Matter as much as white

Chorus

Take your foot off my neck, I cannot breathe  
If you remove your foot, I will not leave  
Take your foot off my neck, I need some air  
Help me someone, get this foot off my neck  
Please I need anyone to show that they care

Verse three

President Trump says the riots need to stop  
Otherwise he will send in the troops  
He has no remorse for the death of George  
Or no respect for Black people  
This is why the Black Lives Matter organisation  
Has started

Chorus

Take your foot off my neck, I cannot breathe  
If you remove your foot, I will not leave  
Take your foot off my neck, I need some air  
Help me someone, get this foot off my neck  
Please I need anyone to show that they care

Verse four

The fight for justice and equality goes on  
Another Black person dies, no one is held accountable  
How long will this go on for, when will we see a change  
People take the knee in solidarity, don't let it become meaningless

Chorus

Take your foot off my neck, I cannot breathe  
If you remove your foot, I will not leave  
Take your foot off my neck, I need some air  
Help me someone, get this foot off my neck  
Please I need anyone to show that they care
